The minimum duration of study for full-time students is three years. For part-time students, the duration may be extended to a maximum of six years.

Admission and Entry Requirements

A Master’s Degree (in a relevant field) from UiTM or any institutions of higher learning recognized by the Government of Malaysia,

or

Other qualifications equivalent to an honours degree (in a related field) and with relevant field experience recognised by the UiTM Senate. Candidates will have to attend an interview conducted by the faculty’s Programme Admission Panel.

The candidate is required to submit a research proposal alongside the application. This would enable the faculty to allocate a suitable supervisor for the research. For this purpose, an advisory panel comprises senior faculty members who will assess the proposal and provide feedback and guidance to the candidate if necessary.

Areas of Specialisation
