The Master of Science Facilities Management at UiTM imbues graduates with the skills and understandings required of proactive senior facility managers. The aim of this programme is to develop the candidate’s skill and knowledge required of proactive facility managers. This programme provides candidates with theoretical, operational, practical knowledge and skill at the leading edge of facility management development. The full-time programme is one and a half years in duration and consists of ten (10) modules including dissertation. The year is divided into two periods of 14 weeks of lecture, one week of mid-semester break and two weeks of examination. The part-time mode takes two years, which is equivalent to four semesters.

- A Bachelor’s degree (Hons) from UiTM or any institution of higher learning recognized by the UiTM Senate; or
- Other qualifications equivalent to a first degree recognized by the UiTM Senate in a relevant field with relevant experience; and
- Other requirements stipulated by the University.

Candidates have to attend an interview. All candidates are accepted at the discretion of the Course Admission panel.
