8th Asia-Pacific International Conference on Environment-Behaviour Studies
School of Architecture, The University of Sheffield, UK.
14-15 July 2018
Acknowledgement

This 8th Asia Pacific International Conference on Environment-Behaviour Studies, AicE-Bs2018Sheffield, was made possible by many persons, in particular the School of Architecture, The University of Sheffield, UK, our co-host.

Many thanks also to the more than 60 International Scientific Committee (ISC) / Editorial Board Members, represented from 16 countries worldwide, for their continuous commitment and dedication for reviewing the conference papers.

Last but not least, our gratitude to the Distinguished Keynote Speaker, Abstract Contributors and Paper Presenters for disseminating their works and findings at this most memorable 25th Silver international conference of ours. Their continuous support in participation endorses the relevance and sustenance of more successful forthcoming conferences.

Thank you all!
Foreword

This 8th Asia Pacific International Conference on Environment-Behaviour Studies, AicE-Bs2018Sheffield, managed to attract an overall total of 35 numbers of approved abstracts, from six countries.

Majority of the abstracts (22 numbers or 63%) were contributed by Malaysia. This was followed by Japan (7; represented by nationalities from China, Indonesia, Japan, Kenya, Russia, USA, Turkey), UK (3) and 1 each from Indonesia, Iran, and Nigeria. The abstracts approved were simply grouped generally under 14 sub-categories, although quite a number could have been easily placed under more than one category. The top three categories in order of popularity involved the following environments: - Educational / Learning Environment and Health / Healing Environment (5 each); and Urban Psychology / Urban Environment (4).

The abstracts were finally transformed into 23 approved full papers. Majority of the full papers (13 numbers, or 57%) were contributed by Malaysia. This was followed by Japan (5), UK (2), and 1 each from Indonesia, Iran, and Nigeria. The full papers approved were simply grouped generally under 10 sub-categories, although again, quite a number could have been easily placed under more than one category. The top four categories in order of popularity involved the following environments:- Health / Healing Environment (5), Educational / Learning Environment, Hospitality / Tourism Environment, Residential Environment, and Travel / Transportation Environment, (3 each).

The Association of Malaysian Environment-Behaviour Researchers (AMER), the main organiser, with the co-organisers, ABRA and cE-Bs, FAPS, UiTM, and together with our Co-host, the School of Architecture, The University of Sheffield, UK, congratulate all contributors for making the conference a tremendous success!

Hopefully this conference will inspire and encourage more researchers to participate in our forthcoming serial conferences.

Thanks again for your continuous support as always, and hope for an enlightening conference!

About the Conference

Background

The M1iCEBS (Malaysia’s 1st International Conference on Environment-Behaviour Studies) officially soft-launched by Malaysian Director General, Womens Development Department, Ministry of Women, Family and Community Development during 1nCEBS (14-15 November 2009) had been renamed the ASIA Pacific International Conference on Environment-Behaviour Studies (AicE-Bs). AicE-Bs conference themes address Environment-Behaviour issues affecting the Asia/Pacific region. In particular, on issues affecting the Asian communities living in both Asian and non-Asian countries. Issues affecting non-Asian communities are also most welcome.

Prior to 2014, AicE-Bs were organised annually by cE-Bs in collaboration with ABRA (Association of Behavioural Researchers on Asians) /AMER (Association of Malaysian Environment-Behaviour Researchers) and non-ASEAN ajE-Bs / jABs Editorial Board member’s establishment (as the National Conference now renamed Asian Conference on Environment-Behaviour Studies - AcE-Bs shall be held in Asian members’ countries). Post 2014, all conferences shall be fully managed by emAs (AMER Event Management Services), under emAs Resources.

Thus far, the AicE-Bs were organised at venues as follows:-
1st AicE-Bs2010Kuching, Malaysia, 07-09 Dec 2010
2nd AicE-Bs2011Famagusta, North Cyprus, 07-09 Dec 2011
3rd AicE-Bs2012Cairo, Egypt, 31 Oct-02 Nov 2012
4th AicE-Bs2013London, United Kingdom, 04-06 Sep 2013
5th AicE-Bs2014Berlin, Germany, 24 - 26 Feb 2014
6th AicE-Bs2015Barcelona, Spain, 31 Aug - 05 Sep 2015

Prior to 2015 all AicE-Bs Proceedings were published and accessible online in Elsevier's Procedia Social and Behavioural Sciences in www.ScienceDirect.com, which were also indexed in Thomsom Reuters (TR) CPCI, in their Web of Science (WoS). Post 2015, under the initiative by emAs, future proceedings shall be published in the E-BPJ (Environment-Behaviour Proceedings Journal) by the e-IPH (International Publishing House, UK), the international associate of emAs. The e-IPH shall submit all proceedings to TR for indexing in their WoS. Currently the E-BPJ, together with our other four international journals are indexed in the ScienceOpen.

Selected conference papers condensed into articles shall be published in either ajE-Bsor it's sister journaljABsforthcoming editions. The Best Paper Award papers, to be condensed into articles shall be published in AjBeS (Asian Journal of Behavioural Studies), currently indexed in DOAJ.

ABRA
Association of Behavioural Researchers on Asians
http://amerabra.org/index.php/abra

Upon tremendous responses shown by researchers involving behavioural studies on Asians living in both Asian and non-Asian countries presented during the AcE-Bs / AicE-Bs conferences held since 2009, the formation of ABRA, an international organisation was considered necessary and timely.

To propel further internationalisation, the cE-Bs had during AicE-Bs 2010 Kuching, Malaysia, 7-9 December 2010 mooted the idea for the formation of an international organisation, ABRA (Association of Behavioural Researchers on Asians). Following the recent successful registration of AMER, and further interest expressed by representatives from several countries during the recent AcE-Bs 2012 Bangkok, a formal meeting amongst ABRA representatives was held during AicQoL2013Langkawi.

ABRA was finally formalised as an international research organisation by the Malaysian Registrar of Societies on 20th October 2014, with AMER as the Permanent Secretariat, headquartered in Shah Alam, Malaysia.

ABRA is now represented in 7 countries worldwide namely, Egypt, India, Indonesia, Iran, Malaysia, Taiwan, and Turkey. One benefit in becoming an ABRA member is the huge discount given to members who attend forthcoming activities to be organized. The discount given to members would more than pay back members' annual fees.
AMER (ABRA\textit{malaysia})
Association of Malaysian Environment-Behaviour Researchers
http://amerabra.org/index.php/amer

AMER was formally registered in Malaysia on 27th January 2012. The establishment of AMER (ABRA\textit{malaysia}), the membership of which is also opened to non-Malaysians, was to meet amongst others the following objectives:-

1) To represent Malaysia as the nation’s official NGO on matters pertaining to the research and consultancy works that involve all Environment-Behaviour studies (EBS).
2) To widen networking and co-operation in the field of EBS with institutions, establishments and universities both nationally and internationally.
3) To create the nation’s database in identifying, registering, administering and coordinating Malaysian researchers involved in the research and consultancy works that involve EBS.
4) To be the nation’s hub and source of reference in all matters pertaining to EBS.
5) To organize nationally and collaborate internationally, dialogues / seminars / conferences in EBS.
6) To obtain and distribute research grants to registered members.
7) To conduct research and consultancy works that involve all EBS.
8) To provide expert services in all matters pertaining to EBS.
9) To highlight local/international events /conferences to registered members for their participation.
10) To disseminate research findings and knowledge gathered in the field of EBS in the form of published materials and also electronically.
11) To produce future researchers who shall be experts and competent in all matters pertaining to EBS.

Articles published in the Asian Journal of Behavioural Studies, *AjBeS*, are sourced from among the best full papers presented at the AcE-Bs and AicE-Bs. Articles published in the Asian Journal of Quality of Life, *AjQoL*, are sourced from among the best full papers presented at the AQoL and AicQoL. The full papers are internationally double-blind peer reviewed. Those are than condensed and retitled by the authors for publication as articles. The maidens for both journals were published in May/June 2016. Both the journals are indexed in the ScienceOPEN since 2017 and in the DOAJ (Directory of Open Access Journal) since 2018.
Both ajE-Bs (Asian Journal of Environment-Behaviour Studies) and jABs (Journal of ASIAN Behavioural Studies) are international and interdisciplinary journals that publicises research findings pertaining to the interrelationship between human spatial behaviour and the environment (built and natural) and general human behaviour / psychology, respectively, specifically affecting Asian communities living in Asia and non-Asian countries. Related empirical research that involved other communities are also considered for publications.

Articles for publications are sourced from selected double-blind internationally peer-reviewed papers presented at the two serial annual international conferences –the AcE-Bs (ASIAN Conference on Environment-Behaviour Studies) held in any Asian countries, and the AicE-Bs (Asia / Pacific International Conference on Environment-Behaviour Studies) held in non-Asian countries.

The maidens for ajE-Bs and jABs were initially published in 2010 and 2011, respectively. Due to a bottle-neck situation, publications were held up after the 2013 editions. In 2016, attempts to revive publishing the backdated issues failed, not only because the initial publisher could not cope but more frustratingly it was discovered that the ISSN issued by the initial publisher since the maidens for both journals were null and void. Subsequently, a new publisher was appointed. Currently attempts are being made to republish all backdated issues to the most current. The maidens were republished in December 2016. It is anticipated that all backdated publications shall be completed in 2018. Both the journals are indexed in the ScienceOPEN since 2017.
